

**If You

We Think  
You  
Should Get  
Something  
For It.**

# Noticed.

They say, if you've got it, flaunt it. And today, thanks to healthy lifestyles, more and more people are getting it.

Skinz is fast becoming synonymous with high-quality, avante garde swim and work-out fashions. And as such, our clothes are in high demand by today's affluent, health-conscious consumer. So you can be sure they won't just occupy your valuable rack space.

Skinz designs are currently offered in two different fabric contents, 90% Cotton/10% Lycra, and 83% Nylon/17% Lycra. We combine these fabric blends with domestic elastic and polycore thread especially formulated to withstand the abuses of salt water and chlorine.

And, using a variety of stitching techniques, seams are able to stretch in their direction of use to give the customer flexibility over the total range of motion.

Skinz fashions have been featured in a number of national publications including *Playboy*, *Shape*, *Flex*, *Muscle & Fitness*, *In Fashion*, *Health & Fitness*, *Water Ski* and *New Body* to name a few.

So, look through our 1993 Collection and place your order. Then, once you've got it, you can flaunt it.
